

Current Bugs in WITS

Issue: “Contacted By” field is not required on a Non-Episode Contact note.

Within a Non-Episode Contact Note, the Contacted By field is not required. Identified 7/1/2016.

The screenshot shows the 'Non-Episode Contact Note' form in the WITS system. The form is for a client named Thompson, Freya. It includes fields for Contact Date (6/23/2016), Start Time (8:00 AM), End Time (9:00 AM), Duration (60 Minutes), Contact Reason (Crisis), Location (Office), Contact Type (Walk In), and Referral (Informal). The 'Contacted By' field is highlighted with a red box and contains the text 'Church, Kitty'. Below this are fields for Referring Agency, Referred By (First Name, Last Name, Phone), Signed Notes, and Unsigned Notes. There is a 'Sign Note' button. At the bottom, there are 'Follow-Up' steps: 'Alcohol treatment', 'API', 'Clinic', and 'Crisis - Medicaid Consumer' on the left, and 'Mental health treatment' on the right. There are 'Cancel', 'Save', and 'Finish' buttons at the bottom.

Issue: Dispensary Ordering Profile: Tabbing does not tab through properly for Treatment/Dispensary Ordering Profile. Identified 7/1/2016.

Issue: There is no vertical bar for Dispensary Order List on Dispensary Ordering Summary screen (Treatment/Dispensary Ordering). As we add the Orders, the entire list is displayed without the vertical bar for scrolling the list. User needs to use vertical bar of the screen to scroll down. Identified 7/1/2016.

Issue: Client Profile: clicking 'Generate Report' hyperlink won't open a Client Profile report, instead, it throws an error message asking user to 'save or cancel changes first' repeatedly. Identified 7/1/2016.

Issue: Staff Member Profile: Checking/unchecking "Include Job Title in Display Name"/"Include in Display Name"(Professional Qualification) on Profile screen is not displaying the Job title or Professional Qualification immediately on "Profile" group panel. Identified 7/1/2016.

Issue: Available roles for Agency Accounts are not getting refreshed unless the vertical scroll bar for Available Roles is scrolled to bottom. Un hiding the roles too has same issue. Identified 7/1/2016.
